

# Scale your impact without scaling your budget.

Greenly, powered by EcoPilot, equips you with the precision of experts at the speed of AI.

Trusted by over 3,500 Ambitious Climate Leaders worldwide.

## The Old World of Sustainability

**Data Chaos**

Endless, manual spreadsheet formatting.

**Scope 3 Blind Spots**

Unreliable supplier data and low engagement.

**Compliance Burden**

Time-consuming reporting for CSRD, IFRS, etc.

**Analysis Paralysis**

Data is collected, but there are no clear next steps.

## The New Era of Climate Intelligence is here.

EcoPilot handles the data and the tedious tasks. You focus on high-value decisions to accelerate your impact. Full control, zero guesswork.

### Scaled Supplier Engagement

EcoPilot screens your supplier list against our database of tens of thousands of companies, and scans the web for carbon data and targets. In minutes, your entire supply chain is screened for climate action.

Supplier name	Matched company	Status	% of emissions	Data found for this supplier
Vendor Labs	Vendor Labs	AI screened	12.2%	Greenly AC, CSRD, SBTi
Polaris	Polaris Industries	Greenly database	9.3%	Greenly AC, CSRD, SBTi
Vector Dynamics	Vector Dynamics	AI screened	8.8%	Greenly AC, CSRD, SBTi
Quanta	Quanta Inc.	Screening	8.4%	Greenly AC, CSRD, SBTi
Alkerm Supply	Alkerm Supply	Screening	7.8%	Greenly AC, CSRD, SBTi
Parsons Steel	Parsons Steel	Screening	5.1%	Greenly AC, CSRD, SBTi

### Accelerated Life Cycle Assessments (LCAs)

Upload a Bill of Materials, and EcoPilot instantly analyzes the components & processes transforming a BOM to a full LCA report.

Nova Air Purifier	9,851 units	22.6 kgCO2e/unit	Created by EcoPilot
EcoSmart Kettle	47,892 units	15.8 kgCO2e/unit	Created by EcoPilot

### Automated Data Processing

Upload any raw data file (Excel, PDF), and EcoPilot automatically structures, validates, and cleans it.

data-export134.pdf | table1-SAP.csv | accounting2024.xlsx

Export ready!

### Contextual ESG Reporting

EcoPilot reuses data to auto-draft narrative reports for any global compliance framework.

### Conversational Benchmarking

EcoPilot doesn't just tell you about your footprint. Go beyond static dashboards & ask about industry comparisons.

### Instant Decarbonization Roadmaps

Go from a carbon footprint to a board-ready reduction plan with modeled ROI and SBTi alignment.

Get 3 recommended objectives, tailored to your sector and more.

## Our Commitment to Low-Carbon AI

AI models are powerful, but their environmental footprint is a serious challenge. We won't sacrifice impact for speed. Greenly EcoPilot is built on responsible AI principles to ensure performance and sustainability go hand-in-hand.

### Low-Carbon Hosting

Servers are hosted in regions powered by low-carbon electricity.

### Local and Specialized Models

Reduce the need for energy-hungry queries to global clouds.

### Continuous Algorithm Optimization

Minimizing compute and memory usage without sacrificing accuracy.

## Your sustainability team just got 5x bigger.

EcoPilot gives you on-demand support, like you're conversing with a climate expert.
