Implementation Partnership Program: Two-Tiered Structure

Greenly Pro License for Consultants:

Consultants will be granted access to Greenly Pro, a platform designed specifically for managing multiple client accounts across various projects. Consultants will receive training and certification on key products (such as GHG, CSRD, and LCAs) to fully leverage the platform. This tier involves an annual licensing fee per consultant.

Client Account Creation at Preferential Rates:

With a Greenly Pro license, consultants can create and manage client accounts at special discounted rates. The fees vary depending on the specific product (e.g., GHG, CSRD, or LCAs), with Greenly offering competitive pricing tailored to consultants certified on the platform.

Greenly Pro License

€\$£1,000 / per consultant per year

Implementation Partner Training and Certification

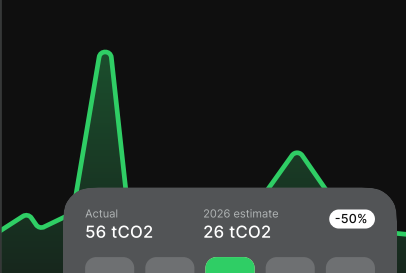

License Greenly Pro, a platform designed for consultants
