

Delivering ROI, Driving Impact & Transforming Sustainability into Profitability

About Greenly

Greenly is a global leader in carbon accounting and a proud member of the French Tech 120. Certified as a B-Corp and founded in 2019, Greenly serves over 3000 companies across 20+ countries, helping them measure, reduce, and report carbon emissions while ensuring compliance with international frameworks like CSRD, SBTi, and ISSB.

With more than 70 million tons of CO2e tracked and an ambitious goal to manage one billion tons of CO2e, Greenly's innovative Climate Suite combines intelligent data collection with advanced tools, making carbon management as fundamental as financial management.
