

Greenly: A Sustainable Brand making brands more sustainable

Greenly is a leading B-Corp and CDP Certified carbon management platform with 70m tons of carbon emissions under management, trusted by over 2500 companies and 200 partners, in 14 industries worldwide.

We have a proven track-record of helping businesses save up to 80% of their time while fully supporting their needs, from GHG compliant reports to CSRD, SBTi, CDP, EcoVadis requirements and more.

Our commitment to making your company a sustainable brand

Greenly is here to create a more sustainable future for all, empowering companies to lead the energy transition. The Greenly Suite, is our coordinated climate platform strategy, where we provide an all-in-one comprehensive tech solution combined with our innovative climate expertise that helps businesses measure and reduce their carbon footprint at the most granular level.

Fully equipped for Climate Leadership

Brands we've helped become more sustainable

What we can do for you

GHG Assessment

Fully-compliant GHG reports on Scope 1, 2 and 3 emissions based on robust analyses & automated analytics

Reduction Strategy

Detailed & quantified decarbonization strategy with science-based scenarios aligned with SBTi and CSRD

Life Cycle Assessment (LCA)

Multi-criteria LCAs across products and portfolios aligned with CBAM, EPD and FDES

Sustainable Procurement

Effective supplier engagement towards CSDDD compliance, with the first end-to-end SBTi compliant platform that helps procurement teams track and reduce Scope 3 by letting our customers' suppliers conduct GHG reporting and product LCAs

Compliance Reports: CSRD, SBTi, CDP, EcoVadis

End-to-end expert-led support and guidance to submit an application covering all scopes and generate a report with comprehensive ESRS data

Greenly provides a holistic, precise and intuitive service that fully equips you to actively measure and reduce your carbon footprint, empowering your business to do its part in the battle against climate change.

Let's make an impact together.
